

# AMA-CHEWER

Publication Of The Indianapolis Radio Club, Inc.

Used Feb 1970

SEPTEMBER - OCTOBER 1947

## PROGRAMS FOR OCTOBER

- Oct. 3rd Westinghouse film on "metering". Final installation of this popular film.
- Oct. 9th Directors meeting. 8:00 PM. Northeast Center.
- Oct. 10th H. D. Ashlock of the Public Service Co. of Ind. Inc. will talk to the club on "Telemetering by Space and Carrier Radio". Attend this meeting and learn how remote operations and meterings are carried out.
- Oct. 17th Art Schultz will go ahead with his discussion on the Superhetrodyne and discuss the finer points of this type of receiver.
- Oct. 24th Tentative. Inspection trip to WMDZ to see the new FM equipment in operation. The station now operates on 156.690 MC and the new VHF equipment should be of interest to all. Meet at the club rooms.
- Oct. 31st No meeting scheduled. (Halloween)

Meetings unless otherwise stated will be held at the Northeast Community Center at 3306 East 30th St. (30th St. at LaSalle). Meetings start at 8:00 PM sharp. Everyone is welcome.

## PAST PROGRAMS

During the past two months we have had some nice times. The auction at the club really proved to be a big affair. Claude Richie gave a nice talk about Harvard and the traditions of that school which he is attending. Ken Masters showed us his pictures in color of Florida. The Westinghouse film on "Metering" was well received. The final in this series is to be shown Oct. 3rd. Art Schultz's talk on the superhetrodyne was well presented and received such a reception that by request, the second talk on the same subject is being given Oct. 17th.

## ELECTION

Next month a nominating committee will be named to present a slate to the club for the election to be held the first Friday in Dec. After this slate is presented any group of 5 members in good standing may put up their slate for nomination. Start looking around now to see what man can best fill the offices. Your selection of good men to carry on is your way of seeing that the club operates as you want it and that it continues to operate at all. So keep your eyes peeled and select the men that are always willing and able to do the work that is so necessary to keep the wheels turning.

## CLUB OFFICERS DIRECTORS AND ASSISTANTS.

President Robert Caskey, W9DNQ, 2355 Stuart St. (Ed.)  
 Vice Pres.  
 Secy. Paul Nelson, W9BHC, 1117 N. Jefferson Ave.  
 Treas. William Lueth Jr. W9DSC, 6031 Pleasant Run Blvd.  
 Ch. Opr. Fred Manning, W9VPN, 4718 Bertha.  
 Dir. Arthur Schultz, W9NNX, 908 E. Michigan St.  
 " D. J. Angus, W9CYQ, 310 N. Illinois St. committee)  
 Asst. Dir. Ray Forbes, W9HNS, 1146 Reid Pl. (Chairman, program  
 " " R. B. Annis, 1101 N. Delaware St.  
 " " D. M. Davis, W9JYP, 934 N. Tuxedo St.  
 " " Tom Wonnell, W9WQA, 502 East 23rd St.

The above represents you, contact any of them for making known your wants, ideas, criticisms, etc. For the coming election these, the first seven are the offices to be filled. What man can best fill the the particular office. Be studying now so that the best man can be placed where he can do the most good for the club.

## NEW MEMBERS

The following list os of members who have joined the club the past two months. We wish to welcome these men into the club and all its activities.

Arthur G. Evans, W9TQC George McQuiston, W9SEL  
 Les Watson, W9LLA Alfred Z. Story  
 Charles Campbell, W9UEM

## ACTIVITIES

The club was honored by a visit of 9 members of the Louisville Radio Club at club meeting Sept. 26th. The Indianapolis Radio Club was invited to attend a meeting of the Louisville Club. A bus trip to carry out that invitation is being planned. Several ideas were expressed and for the most part they were in full accord with our thinking in Indpls.

Bill Lueth and Otto Walters have been busy with the club transmitter and made the initial log entry Sept. 20th. The engraved plaque designating it as the Arnold K. Dickmeyer memorial station will soon be ready for installation.

We are still looking for someone who is interested enough in emergency work that they will plan activities and push work along for the club. Any volunteers for this job?

Eats have been requested for election night. Bet there will be some faces out that we haven't seen for some time. Now is the time to get those dues paid up.

## REPORTING

The following is from items handed in at club. Won't you help by writing up your activities when the box is passed at club. Better still, mail them to the editor at any time.

It is rumored that Bert Bucy (not having enough radio gear) is contemplating the design of a complete 5 tube 2 meter transceiver to be built in his cane. Claims he could work out better if he were 8 ft. tall, that being a full wavelength vertical.

SCR 522 receiver has mechanical (some) made up with a Sigma 5000 Ohm relay. Same relay used to construct "Dedit" illustrated in CQ mag. Those who don't like mechanical squelch have the wherewithal to make the "Dedit" at a great savings. W9ASD

Lon Webb, W9EJH has little time for operating these days. His job, electircal contracting, takes most of his time due to a shortage of help.

W9RDU left the 14th of Sept. for beautiful sunny Miami.

W2UWO was in Indpls Aug. 20th and sent best regards to the club.  
"Ike" plans a 6L6-815 on 10 meter CW.

Joe Brand, W9BNS, Vern Stang, W9BPB are the newest calls in this area. Joe set them up at the club the night he got his call. Exciting ain't it Joe? Joe says he can't even read the newspaper now because hehad to make every minute count for ragchews.

Charley Campbell, W9UEM, had volunteered to become a local QSL card forwarder. He calls at the gen. delv window for misaddressed QSL cards and if the correct address is known he readdresses the card and sends it on its way. If your call book address is not correct see that Charley has the proper one. In that respect be sure that your address is correct on the club's call list that is being made. W0DDX passed thru on his way to the east and called CQ on 2 mtrs, well, he got a welcome form the 2 mtr boys, HNS, THL, WQA, YOT, ASM, VXR, TQC, PNA, ZZE, QLU all came back to him and wkd him until he called quits to go to bed.

During meetings of the club there is too much confusion and noise while someone has the floor. Small cliques of men show disrespect to those sitting near by them and to the person who should have their attention, by carrying on a noisy conversation. Let's all help to clean up this situation. (The above item was handed in and it expresses exactly the feelings of your president-editor. So often it is necessary to use the gavel and there are times when it should be used even when a speaker is talking to the club. Were it in order it would be used but the use of the gavel at such a time is as out of order as those causing the disturbance. Let's turn off the main switch when a speaker has the floor and give him the courtesy due him. Ed. Pres.)

Notify SCM of all activities. (He gets a copy of each Ameschewer in which an attempt is made to show activities. Your help in turning in those items of interest can furthur this suggestion)

DPL complained that in our last two month issue that fellows complained that he had too much space. That isn't a complaint to the editor but one fellow who is doing what he can to make this job a lot easier. Here is hoping that they haven't scared him out of reporting his doings because we all like to know what the other fellow is doing even if some of us are too shy or lazy to put it on paper for the ed. Keep it up Howard and the ed will promise not to let it pile up into two month reports.

Ye ed finally got an answer down Franklin way. W9TG, Dr. Pickhardt complains that his call now stands for Tired Gent. Doc has been laid up in bed for six weeks and has six to go all because of a tired ticker. He says that since he has just renewed his license that he is going to make sure he uses it. That is the spirit Doc. He says that contrary to W9AUN and W9GSX, the printer, rumorsthat he still hasn't a wooden leg. Well, here is hoping you are soon up and at the switches again Doc. Let us know when we can drop in on you.

Norman White is also reported on the sick list. Gud luck om.

The following is a list of Indpls hams and club members. If your call is not listed, if it is wrong in the call book or club mailing list please report the correction to the club secretary, Paul Nelson at club or address 1117 N. Jefferson Ave. The complete list is soon to be printed so please make corrections at once.
